

## Multiplying munchers

Work out the maths problems and use the code to fill in the blanks and find out what good biocontrol agents do!

$1 \times 5 = \boxed{\phantom{00}} = M$

$8 \times 2 = \boxed{\phantom{00}} = D$

$10 \times 4 = \boxed{\phantom{00}} = L$

$9 \times 3 = \boxed{\phantom{00}} = N$

$2 \times 3 = \boxed{\phantom{00}} = U$

$5 \times 9 = \boxed{\phantom{00}} = S$

$5 \times 5 = \boxed{\phantom{00}} = T$

$7 \times 5 = \boxed{\phantom{00}} = E$

$9 \times 4 = \boxed{\phantom{00}} = P$

$8 \times 4 = \boxed{\phantom{00}} = O$

$3 \times 7 = \boxed{\phantom{00}} = I$

$6 \times 4 = \boxed{\phantom{00}} = W$

$8 \times 7 = \boxed{\phantom{00}} = R$

$10 \times 2 = \boxed{\phantom{00}} = B$

$9 \times 9 = \boxed{\phantom{00}} = Y$

$12 \times 4 = \boxed{\phantom{00}} = C$

$6 \times 2 = \boxed{\phantom{00}} = A$

Biocontrol agents protect native plants and animals by keeping weeds under control. Good biocontrol agents...
