

Abdomen
Antenna
Compound eye
Haltere instead of second wing in diptera (flies)
Head
Leg
Thorax
Wing

Instructions:

1. Print this file on light to medium card.
2. Number back of labels and put same numbers on back of circle so line numbers match up with label numbers.
3. Cut out circle and cut out labels as one piece.
4. Laminate circle and labels.
5. Cut around edge of circle, leaving a 5mm edge.
6. Cut out labels.
7. Stick $\frac{1}{2}$ dots of Velcro loops on circle and $\frac{1}{2}$ dots of Velcro hooks on labels.
8. Attach labels to circle. Students can self-assess by seeing if numbers match up on back.
9. To store, turn labels so they face in rather than sticking out.
